Amazing book

Kurzbeschreibung Ask yourself, how many days does it take to fall in love? Nolan Parker and Clara Lawrence never saw eye to eye. In fact, if you asked Clara she would tell you that Nolan hated every thing about her. They never shared any form of connection besides Alex Lawrence. She was Alexs bratty sister and he was Alexs best friend, they never stood a chance. Five years have passed and almost 12,000 miles have kept them separated, both living completely different lives. Unchanged perceptions and expectations should have kept them apart but when Nolan returns, the foundations of their relationship is sure to change. Their story was meant to end the day Nolan left for Stanford. But what if seeing each other after five years was the game changer? What if this was their one chance to rewrite their relationship or were they always destined to never be more?

ber den Autor und weitere Mitwirkende The truth is, Len Webster is a romance-loving Melburnian with dreams of finding her version of The One. She calls Australia home, but secretly wishes a man with a beautiful accent would whisk her away. Shes been called a hopeless romantic and a firm believer of happily ever afters, which she doesnt object to. When Len isnt acting as the voice of her characters, you can find her drowning in business textbooks as she slaves over her Bachelor degree. She spends more time than she should daydreaming of her next Europe adventure or swooning over Mr. Darcy. Len can be found sitting at her University library, earphones in, and writing instead of studying. If she could, she would own a cupcake bakery just for an endless supply of red velvet cupcakes. Her best friends are a hot cup of tea, a warm jumper and her Macbook, ready to write to her hearts content.
