Von Bertrice Small : This Heart of Mine (O'Malley Saga) before purchasing it in order to gage whether or not it would be worth my time, and all praised This Heart of Mine (O'Malley Saga):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Best of Ms. Small's I've read.Von Ein KundeWell, I haven't read 'The Kadin' or all those raved about stuff, but of what I've

read, this is the best. I've always felt that Ms. Small's characters don't live.. and the story revolves around sex instead of love, or life. Well, I loved the characters in this book. But one thing I've noticed : Ms. Small has something about sexist men. I would have left the husband and lived with Akbar, or at least made him admit that his values were wrong: he is allowed to take a mistress, but Velvet is not. Anyway, I always end up hating the hero of Ms. Small's books. Somehow, her less important, somehow in the middle -dumped characters are so much more appealing. Akbar was the best character in the book, and Velvet loved him. Or so it seemed. How she could return to Alex, live with him, and actually believe she loves him is still an unclarified mystery to me. I kept on hoping towards the end that Alex would somehow die and she would return to Akbar. He was ten times the man Alex was. In another of Ms. Small's books, 'Unconquered', I also hated the hero, Jared, and preferred the other characters. Also in 'Love Slave', the sultan was much more appealing, again. It gets on my nerves, it frustrates me. Love suddenly feels a little cheap. But, all in all, a good book. The only one of Ms. Small's that I would actually like to own - if only because of the middle section about Akbar. (Francis was also a nice character, I think)

Stupid plot. If you can call this thinly constructed series of 'adventures' a plot! Characters I couldn't give a damn about! The most frustrating, annoying, ridiculous premise for a marriage and re-marriage--if you read the first third of the book you will know what I mean! Sex that was considered shocking for its time but is now only 'so-so' by today's erotic romance novel standards... I was so annoyed that I glossed over the love scenes after a while, was aggravated by the heroine and altogether annoyed with her boorish (and boring) first husband... Really don't like to read about the heroine sleeping with men other than the hero--and hate it even more when the hero has other partners other than the heroine... All in all this book could have been much shorter, and much better. Can't believe it was published. Can't believe it was written by the same author of the Kadin. All in all... a dud!

Von Ein Kunde I was kind of disappointed with the first part of the book, and like other readers, I really, REALLY disliked Alex a great deal. I felt absolutely no incentive to cheer him on to win Velvet back - if anything, staying with Akbar would have been the smart thing to do! What I cannot understand is Skye O'Malley, of all people, knows better than to take any bull from a man, so why would she let her daughter marry a bully? (To be fair, though, she did express hesitation - but still!) This is just the beginning of weak characterization on Small's part, and it just gets worse later into the series.

Kurzbeschreibung Velvet de Marisco proves herself every inch Skye O'Malley's daughter. Be it Alexander Gordon from the Scottish Highlands or the Grand Mughal of India, each man must win her heart before they can claim the sensual joys of her passionate and erotic desires....
