Von A.E. Lawless : This Is Not a Love Story: The Hacker and His Hero (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised This Is Not a Love Story: The Hacker and His Hero (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Like hell this is not a love story.Von FelizGranted, it's not a romance, but a love story? By all means. I found it even kind of

romantic, in an edgy, twisted, ass-backwards way. Was it perfect? No, not at all - the twist was only too obvious, and Zander's inner musings bugged me some- but wow, what a story. It's so well written that I only realized in hindsight those were basically good guys who I was to be made believe were basically feral animals by being told they were and by being shown how they did brutal things. But did I care? No again. I thoroughly enjoyed the ride. However, this isn't a book for the faint at heart with the onpage physical violence/ torture it contains. A dark, gritty read that kept me at the edge of my seat and glued to the pages.

Kurzbeschreibung Ever since Grans death, Zanders been using his skills as an elite computer hacker to help put criminals behind bars. Surprisingly enough, theres also another vigilante running around his city helping folks out in the more traditional way. The press likes to pretend theyre rivals, but Zander likes to think that he and the Night Angel are working together; they want the same things at least. When a tough case forces the two vigilantes to actually work together, Zanders insistent fascination with the Night Angel becomes powerful attraction. It wouldnt be a problem, except Zanders also fooling around with his boss at the day job, Reese. They both give him something the other cant, but both of them are also holding something he needs back from him. Zander knows he has to choose, but he just doesnt see any way to make a good choice. A break in the case reveals not only the master plot, but more about Zanders true nature than he ever expected to learn. Afterwards, Zander is seeing the world in a new light and realizes he may not have to sacrifice anything he needs; he may not have to make a choice after all.
