KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. verstreut und gleichzeitig langweiligVon ChrisDieses Buch ist nicht gut! Der Autor versucht mit Beschreibungen von Gewaltszenen zu schokieren und anzuecken, dennoch kommt beim Lesen Langeweile auf, weil es keinen richtigen

Spannungsbogen gibt. Auch die Figuren wachsen einem nicht ans Herz, der Autor schafft es einfach nicht glaubwürdige echte Personen zu schaffen. Vor allem die Hauptfigur ergibt keinen Sinn, mal spricht sie davon alle Menschen zu hassen und hat verstrende Gewaltfantasien, die teilweise auch in die Tat umgesetzt werden, dann wieder trumt sie davon ein Held zu sein und Menschen zu retten?! Ganz abgesehen von der unertrglichen Geschichte merkt man einfach, dass der Autor nach eigenen Aussagen seit seiner Schulzeit kein Buch gelesen hat. Rechtschreibfehler und sperrige Formulierungen sind an der Tagesordnung. Er sollte zum Wohle aller das Schreiben sein lassen.² von 2 Kunden fanden die folgende Rezension hilfreich. I love this book!!! Von Allie2000 The author describes Arthur's feelings and thoughts very well. I'm sick of all these typical storys where everyone acts the same way. I love the mix of onisions real life and arthur's made up life. I really like that you actually get to know a lot about why arthur acts that way he does and what he thinks about most people. This book is now one of my favourites and I'm really glad I bought it!⁵ von 6 Kunden fanden die folgende Rezension hilfreich. - Von Sanja Fischer I'm sick of all the people talking about dinosaurs and aliens when it comes to Onisions books, yes it was funny for a while but enough is enough so here is my honest opinion: I am absolutely in love with this book. I read the first book the author has written and its my favourite book by far to this day. "This is why I hate you" is an absolutely stunning book. I understood the hatred of Arthur against almost everyone very well, even though im not as much of a misanthrop as him, (a little bit though..) i could really see his point in almost everything he said and thought. The book focused heavily on the military, but knowing that the military was a significant part in the life of the author himself, i got why he did that. The book was well written, in a similar style to the authors first book. There were many, many error words and punctional mistakes in general, but thats completely fine, because the book still was a blast to read. I managed to read it in less than 24 hours, just because i was hooked within minutes and stayed hooked through the entire book, even though my english skills are limited due to the fact that Im from germany. I highly recommend this book to everyone but especially to a younger audience who have an interest in seeing a somewhat unpopular but still very well thought through opinion on society and how humans and our planet work. Definitely worth reading, the story is breathtaking and it gets better with every minute, till the very end, where, i have to admit, bursted out in tears. I admire the author, Greg to a ridicoulus extend i might add, but my opinion is still halfway objective

Kurzbeschreibung Within these pages wait violent fights, disease, death, controversy, sexuality, tragedy and crime. This journal documents a hateful young man's path to darkness. Many events that occur are based on real events. You will find many moments from the authors own life sewn into the life of Arthur Gale. You can only go so far before all hope of return is lost; this book reaches that point, and goes even farther. James represented the light, Arthur is the dark. There is no hero. There is only Arthur. He found inspiration in self-expression through making videos when he was only 15 but didn't pursue regular online video production till he had been enlisted in the Air Force for a few years. Onision was only inspired to begin writing books when he found there was an area of self-expression he had not yet tapped into. Onision puts pieces of his own life in every book he writes. There is no book by Onision that does not have tremendous meaning to him. The characters, the environments and events come from the heart, mind and even at times life of the author. Onision does not have a publisher, his books are imperfect. Putting words through a filter is like putting makeup on your face, all these flaws are part of each story, just like each story is part of the author.
