Silver and Lace again yayVon Birgit WahlI love the interaction between ex-playboy and secret agent Silver and the upcoming first female basketball trainer Lace :) I loved Play with me and got hooked and yeah I want to read another

story with those two :) I loved how Silver helped Lace with that seedy reporter and that he rounded up all her former basketball players from highschool and my favorite MC and even her brother and the FBI to help her out of the hole she has dig herself into with her pride. I want a third story about those two

Kurzbeschreibung It always starts with one little lie, and even two people in love can end up breaking each other's hearts. Life has changed so much for 19-year-old Lace Wyndham. Once, she was only in love with basketball. Now, its become her mistress, with her mind, body and soul belonging completely to the man who taught her about love, sex, and, well, the art of eating humble pie. 25-year-old billionaire Silver March cant shake off the feeling his bad boy past is catching up on him. With things going so well between him and Lace, he has a nasty premonition of fate setting its eyes on him, determined to make Silver pay for his old sins. And so he does, when the girl who owns him starts lying to him the same time another man enters the picture.
