KurzbeschreibungEvie Caldwell hates her life. Five years ago, she gave up college and her dream of teaching to care for her ailing mother. Now, she's trapped taking care of her worthless brother and the family ranch. Waiting tables to

earn her way out of Texas, the last thing she wants is a muscleman with a macho Marine attitude complicating her life. But, oh, how that man makes her insides melt. Wounded vet Win Fairchild returns to Texas to heal, find a piece of his soul, and open a ranch for amputee children. Finding someone to love is not on his agenda. But when he starts work at the Lonesome Steer Honky Tonk, a spitfire with violet eyes and a major attitude instantly captures his heart. Evie just wants to escape, but now that Win knows what he wants, can he convince Evie to stay in Texas--and his bed?
