Von Martin Scott : Thraxas and the Dance of Death (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Thraxas and the Dance of Death (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 5 Kunden fanden die folgende Rezension hilfreich.
routiniert lustig Von freecox Der jngste Band der Reihe um den trunkschtigen, dicken, bellaunigen Fantasy-Detektiv mit dem goldenen Herzen handelt von einem ebenso wichtigen wie verlorengegangenen magischen Juwel. Thraxas

nimmt sich mit Hilfe seiner sehr gemischtrassigen Assistentin des Falles auf seine gewohnt diskrete Art an und tritt dabei wie blich Adel, Unterwelt, Polizei und bsen Zauberern auf die Zehen. Wie bei Scott blich, ist der Ton witzig und oft selbstironisch. Ebenso gibt es wie blich Szenen von wirklich brillender Situationskomik, soda das Buch fr Genrefans ordentliches Lesefutter darstellt. Leider wiederholt sich im Laufe der Serie aber doch vieles im Guten wie im Schlechten.

Kurzbeschreibung "Why has no attempt been made to arrest Thraxas? Our inquiries indicate that Thraxas, a so called 'investigator,' has been at the scene of many unexplained deaths. Several landlords report that Thraxas - a huge man of bestial appetites - visited their taverns only minutes before these savage murders were committed. Thraxas has dabbled in the sorcerous arts, and may be in possession of several devastating Orcish spells. Why is this man still at liberty? And why was he ever granted the office of Tribune? Even in a city as corrupt as Turai, surely a man of such reputation should not be able to bribe his way into a lucrative government position" This is a new edition of Thraxas book six, with an introduction by the author. Synopsis With its fresh and exciting new brand of fantasy, the army of devoted Thraxas followers is growing all the time. Now Thraxas is back! Death has come to the magical city of Turai, and not in a good way. Evil, silent and, er, evil, it ploughs through the air like an undead farmer. And it's up to Thraxas to stop it. When he wakes up. Round about teatime. Look out for more information about this book and others at www.orbitbooks.co.uk
