Von Barbara Delinsky : Three Wishes (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Wishes (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Good..but PredictableVon Mrs. FitzI usually read everything I can find by Ms. Delinsky. She very rarely disappoints.

While I enjoyed the book, I was halfway thru and knew how it would end, the results of the heroines search for her mother, etc. etc. I agree with other readers about the ending. Kinda a downer. Took a star off the rating for that! Not Barbara Delinsky's best, but still a good read.1 von 1 Kunden fanden die folgende Rezension hilfreich. Get ready to cry Von A. Wilson Yes, this book is a definite tear jerker and the author makes no apologies for it. However, the characters are believable and you want them to find a happy ending. This is the story of a small town waitress who finds love with a writer, who she meets when they are involved in an accident. The main female lead almost dies as a result of the accident and comes back to life believing she has been given 3 wishes. But what happens after she uses them up. I found this book sad, but not maudlin at all. The characters refuse to feel sorry for themselves and they engross the reader in the journey for love and salvation. This is one of my Delinsky favorites.1 von 1 Kunden fanden die folgende Rezension hilfreich. True Love Von Ein Kunde Barbara Delinsky skillfully and touchingly develops a genuine romance in this book. Yes, it is sad at the end, but the development of the relationship is so beautifully done! I was disappointed by the last chapter though - I felt that Ms Delinsky had played chicken with the reader and 'blinked' in the last chapter. It was a cop out. Maybe her editor thought the book needed it to appeal to the typical romance reader who is looking for happy escapism (not that there's anything wrong with escapism!), but I feel it spoiled the book

Kurzbeschreibung A storyteller of unparalleled emotional intensity, bestselling author Barbara Delinsky has created a novel that resonates far beyond its extraordinary love story. Here is a tale of courage, community, and the magical consequences of being given a second chance. What if wishes really could come true? It's the question facing waitress Bree Walker when she awakens in the hospital following a blizzard in sleepy Panama, Vermont. While she can't recall the near-tragedy that landed her there, she's overcome with the certainty that she has been granted three wishes. One seems to have come true already: at her side is renowned author Tom Gates, the accident's only witness, who had come to Panama to make sense of his fame -- and who now makes Bree his cause. Suddenly, the things Bree has wanted most -- a home, a soul mate, a family -- are within her grasp. But are the wishes real? And if they are, what is their price? As Bree and Tom consider what their hearts truly require, they discover that to live their dreams, they will have to take unimagined risks.... From Booklist Best-selling contemporary women's fiction writer Delinsky has written a sentimental love story that will be appreciated by her fans. The story follows 14 months in the life of Bree Miller, a waitress living a quiet existence in small-town Panama, Vermont. Bree is alone in the world; her father and grandparents are dead, and she was abandoned by her mother at birth. One night, she is walking home from work during a snowstorm when a jeep that is hit by another car plows into her. When her heart stops on the operating table, she has a near-death experience, during which she is embraced by a bright white light and promised three wishes if she returns to her body. Upon awakening in the hospital, she finds that the man who hit her (a handsome, single, wealthy author) has been at her bedside since the accident. Bree, who has been unlucky in love, immediately falls in love with him, and he (who up until this point has been a somewhat of a cad) falls mindlessly in love with her. The rest of the story is concerned with Bree using up her three wishes: to cement her relationship with this man, to find her lost mother, and to become pregnant (she is infertile as a result of the accident). Although much of the story positively drips with pathos, fans will enjoy the various small subplots and the surprise ending. Kathleen Hughes From Library Journal Hit by a truck in the little town of Panama, Vermont, waitress Bree Miller awakens in the hospital with memories of a bright white light and a voice granting her three wishes. The only person who believes her near-death experience is newcomer Tom Gates, the driver who hit her. These two lonely people are drawn together by their shared experience, and, to the eventual delight of everyone in town, they fall in love and marry. Tom and Bree have never been happier, but both remember the three wishes as well as Bree's belief that she'll die after the third wish has been granted. Readers will want to keep a box of tissues handy for this beautifully written tearjerker. Fans of Delinsky's recent work (*A Woman's Place*, LJ 2/15/97) will not be disappointed, although those who loved her earlier books may find the new one a bit unexpected. Highly recommended for popular fiction collections. - Elizabeth Mary Mellett, Brookline P.L., Mass. Copyright 1997 Reed Business Information, Inc.
