**Von Alan Hardy : Through The Gates (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Through The Gates (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An original, imaginative time travel experienceVon kwadzanaIf you are an Alan Hardy fan as I am, the first thing I can tell you is that although Through The Gates still has some of Hardys dry humor and hints of social rebellion, the language is a bit more poetic; a bit deeper in some ways than Hardys other books. It is a thinking persons journey

through time. Hardy's entry into the time travel genre is fresh and original. Let me say it; it is much more imaginative than a time portal in the back of a diner (a bestseller by another fairly well known author). As we read the story of the haunted main character Mark, you may find yourself asking the question, Is he really traveling back in time or is he insane. Well it may be a bit of both. The skilled hand of author Alan Hardy leaves it to the readers interpretation. You will have to decide for yourself. I think it is what you want it to be and that makes for fun, imaginative reading. But the main thing is that it works wonderfully. In a sense, it is two stories in one. It is a time travel story where the adventurer travels back a little further in time, each time he travels back, where he sets events in motion that may alter history. His actions may actually alter his own existence. In fact, due to a unique chain reaction of events set off by the main character, the world may become a completely different and darker world. Through The Gates is also a story that delves deep into the recesses of a disturbed mind. We can feel what it is like to be slipping away from reality. We can feel the confusion that Mark feels as he himself is not entirely sure if he is really traveling through time or if he is going insane. Whether or not the main character is insane or if he is really traveling through time, it makes for a fascinating page turner. I highly recommend this exciting fantasy/journey back through the war years in Great Britain. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderfully imaginative Von B Nelson This is one of those books I want to read again because there the author created such a wonderfully imaginative story that I want to go back and experience it all over again. Through The Gates by Alan Hardy is magical. Its filled with romance and meaning, and, of course, time travel. Hardy uses that element to add intrigue and excitement, making this an irresistible read. The author is a true storyteller and writes with sparkle. Highly recommended, five stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Classic Von Big Apple Great old school Men's Adventure type story. The plot is juicy, there is a good supply of bodacious dames and macho men; the action is explosive, with many thrilling set pieces. This would make a cool movie.

**Kurzbeschreibung MARK TRAVELS BACK IN TIME IN SEARCH OF A BEAUTIFUL, BLACK-HAIRED WOMAN. AND GOLD BULLION. AND THE MYSTERIES OF LIFE** A time-travel novel like no other time-travel novel youve ever read! Mark discovers secret upon secret in his mysterious garden, and finds himself slowly but surely drawn back into the days of the Second World War, with its life and death struggle and sense of constant danger and excitement. He is pulled further and further back into the folds and sleeves of time, and becomes intricately involved in the outcome of the war. Does it even fall on him to decide the course of history? Can he change the past? Can he obliterate, or save whole worlds? Is there buried gold bullion to be unearthed in his garden? What is the role of the ageing vamp, Emma, who enters his life? And Mary, his ex-wife, who re-enters his life at the same time? And, most poignantly of all, who is the beautiful, young woman he remembers meeting so many years ago at infant school who spoke to him of a time they would meet again? Mark has never been able to forget her, and sets out on a perilous voyage back in time to find her. **Kurzbeschreibung MARK TRAVELS BACK IN TIME IN SEARCH OF A BEAUTIFUL, BLACK-HAIRED WOMAN.
