Von Miss Read : Thrush Green: The classic nostalgic novel set in 1950s Cotswolds before purchasing it in order to gage whether or not it would be worth my time, and all praised Thrush Green: The classic nostalgic novel set in 1950s Cotswolds:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Oh, how marvelous!Von Ein KundeI remember reading and rereading Miss Read's delightful books when I was younger -

rather shabby looking books from the library, found after a lot of scrounging through shelves. I remember what a delight they were, and how they warmed my heart. But gradually they slipped out of my mind, and I forgot about them until I read Jan Karon's interview with .com, where she mentions them. I am so glad to have them again to read and nestle into. My two favorites were "Thrush Green", and "Winter at Thrush Green". Quaint, delicious, comforting - delightful books. They make you feel happy.

1 von 1 Kunden fanden die folgende Rezension hilfreich. I love the world of Thrush Green. Von Ein Kunde Thrush Green is one of Miss Read's best. I would love to be able to purchase all of her books in a paperback set. Her books are so wonderful you want to savour them again and again. Please reprint them all! With the increased interest with her type of storytelling as we see with Jan Karon's popularity, Miss Read would be cherished as well.

1 von 2 Kunden fanden die folgende Rezension hilfreich. This is a delightful visit to world you wish you lived in. Von Ein Kunde As all Miss Read fans know, each of her Thrush Green and Fairacre novels are a visit to a world they wish they could live in. "Thrush Green" is the first of the series that takes the reader into the life and world of the inhabitants of this fictional Cotswold village. The characters are charming, eccentric or curmudgeonly in their turn, but always diverting and entertaining. Miss Read's fictional world is not without trials and tribulations, but like life itself, inevitably goes on its way and all comes out right in the end. Treat yourself to a visit to a place where your cares are behind you and the diversion is a pleasant one

KurzbeschreibungThe first novel in the bestselling Thrush Green series. It's the May Day holiday, and a fair has come to the village of Thrush Green. The residents of Thrush Green all have their own views about the fair. For young Paul, just recovered from an illness, it is a joy to be allowed out to play at the fair; for Ruth, who returned to the soothing tranquillity of Thrush Green nursing a broken heart, the fair is a welcome distraction from her own problems. And for Dr Lovell, the fair brings an unexpected new patient. Then there is Mrs Curdle, the long-standing matriarch of the fair. For her, this year's visit to Thrush Green awakens mixed feelings, and a difficulty she doesn't want to face... Full of Miss Read's inimitable charm and humour, THRUSH GREEN is a wonderful introduction to this bestselling series.
