Von Lisa N. Paul : Thursday Nights (The Charistown Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Thursday Nights (The Charistown Series Book 1) (English Edition):

Kurzbeschreibung This sexy, steamy contemporary romance will leave you yearning for more. Which is perfect since this is the first book in the Charistown series.* Even though this is a series, each book can be read as a stand alone novel.* Pain can leave even the strongest of people weak and hollow. But when fate brings two weak souls together, will the love they find mend the fragments that are barely holding them together, or will the weight of their past finally cause them to crumble? Max DeLuca has spent seven years trying to forget the betrayal of his past. He lives his life from day to day never looking forward and never looking back. The walls around his heart keep anyone from getting too close and prevent him from feeling too much until he meets her. Her entire life, Janie Silver searched for the kind of love that wouldn't leave her broken and more importantly, wouldn't leave her behind. She longs for a love that can heal the wounds of her past and give her the future she knows she deserves. She thought she was looking for something that just didn't exist until she meets him. Danny's on Main is where their story begins. A neighborhood bar where strangers become friends, friends become family and some become lovers it all started on Thursday Nights.* Warning - this book is intended for mature audiences only. Descriptive sexual situations are included in this story.
