Von J. A. Ferguson : Timeless Shadows (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Timeless Shadows (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Interesting and ExcitingVon Trish LazarusJo Ferguson's Timeless Shadows was interesting and kept me reading all night. The convoluted plot twists kept me on my toes. Sensuous and entertaining, the stormy relationship between the virile 17th century Laird MacLachlan and his confused timeswept lady, is captivating and titillating. I especially enjoyed the touches of witchcraft and enchantment that are woven throughout the novel. The author's knowledge of

17th century Scotland is extensive, and knitted into the book in a natural and skillful manner. Any intelligent romance reader will take pleasure in this magical story of timeless love.0 von 0 Kunden fanden die folgende Rezension hilfreich. Well worth readingVon Debra DixonI've been on a Scottish "kick" recently. As well as a fantasy binge. This book combined time travel, Scotland, and witchery. I was sold on it immediately, and still happy as I finished it. Great relationship. Fabulous hero. Great clash between the present and the past.0 von 0 Kunden fanden die folgende Rezension hilfreich. boring and confusingVon Ein KundeThis book was a real snooze. The time travel element was not realistic. I've read better by JoAnn Ferguson, but I don't think I'll be reading anything else again.

KurzbeschreibungAfter losing his family in the Scottish Highlands, Colin MacLachlan vowed to get revenge. So during the English Civil war, he allied himself with the Campbells, and his reward was Castle Braeburn. It was the ultimate prize . . . except for the outrageous woman claiming to be the last lairds daughterand the rightful owner of the castle. Ashley Babcock has been haunted by bad dreams of Castle Braeburn for months. Only, shes never been to Scotland, so why is she dreaming about it? Plagued by sleepless nights, Ashley decides a visit to the castle might put her nightmares to rest. But upon entering, shes suddenly thrown back in time to the 17th century. Stranger still, people are acting as if shes the last lairds daughter. So why was she here? Was she drawn by a witch to confront the castles greatest enemy? Or pulled into the past to find the man of her wildest dreams? KurzbeschreibungAfter losing his family in the Scottish Highlands, Colin MacLachlan vowed to get revenge. Ferguson's Timeless Shadows is an engrossing novel set against the Highlands of Scotland. Full of magic and suspense, it's a great read that you won't want to see end. Lisa Mahon, Midnight Scribe s"4 1/2 Stars: Timeless Shadows is a wild romp through the world of knights and damsels. Or in this case, two powers looking to control one castle. The characters are strong with little quirks, and their dialogue sings to the reader. The description overshadowed even the dialogue, as it brings the reader closer to the time of lords and ladies without throwing them through time. An experience that the reader's won't soon forget, and a generous addition to the world of time travel." John Richard, Scribes World s"4 1/2 Stars: J.A. Ferguson weaves a fanciful tale of a modern woman versus a 17th century Highland warrior with absolutely no doubt as to whom the winner will be. Ashley Babcock may be confused about who and where she is, but she's not confused when it comes to her feelings for the big Scotsman. This time travel romance holds the attention of the reader with its complex plots of English/Scottish history, witchcraft and raw, sensual sex between adversaries." Affaire de Coeur"Highly Recommended: J.A. Ferguson makes the concept of time travel seem indisputably real, a rare happenstance in this sub-genre. The likable heroine struggles to adapt to life in seventeenth century Scotland and this, in turn, adds to the genuine feel of the plot. The protagonists struggle to come to terms with their feelings for one another engages the reader even as the danger to both of them provides tension and drama. Fans of time travel romance will relish Timeless Shadows and seek more works from the fabulous Ferguson." Harriet Klausner, Under the Covers"Ms. Ferguson's novel invokes the mystery of the legendary Highlands and the people who fought so hard to keep them. Woven with the threads of time-travel, witchcraft, and ghosts, the story is rich in otherworldly elements that capture our imagination. Anne Black, Romantic Times"Filled with magic, witches, ghosts and royalist plots, this is a fabulous novel. Ashley is a charming, genuine heroine whom one can't help liking, and Colin is a wonderful hero. I found Timeless Shadows hard to put down!" Nichole Williamson, The Old Book Barn"J.A. Ferguson weaves a breathtaking tapestry of passion, history, and unforgettable characters in Timeless Shadows. Dont miss this powerful Scottish time travel!" Deb Stover, A Matter of Trust, January 2000"Timeless Shadows is an enchanting story about the power of love in overcoming evil and making dreams come true. A wonderful Highland love story!" Terri Brisbin, A Matter of Time and The Queen's Man (Sep 2000)
