Axebridge. Since George, the current earl, is unable to produce an heir the task falls to Rafe. Rafe is furious about the marriage of convenience his brother is setting up for him. Rafe decides to leave England for a bit and perhaps cool off. As an excuse, Rafe offers to do a favor for his late grandmother's oldest friend, Lady Cleeve. Until recently, Lady Cleeve believed her son and granddaughter had died several years ago in Egypt due to plague. Now she has hope that her granddaughter may still be alive. Rafe goes to Cairo in search of the missing heiress. However, instead of a frightened young girl, Rafe finds a beautiful woman who is in hiding from something far more serious than an unwanted betrothal. Ayisha has been orphaned and living on the streets for over six years. No longer is she the wide-eyed and innocent child she once was. She has managed to pass herself off as a young male street urchin. Should certain people learn of her gender or who her parents had been, Ayisha would find herself sold into a harem or worse. But this time Ayisha is being hunted down by an Englishman who is as determined to locate her as she is not to be found. ***** FIVE STARS! I cannot think of how to explain exactly how much I love this story. Should it ever become available in hardback, such as through a book club, I will instantly snatch it up. This couple clashes will against each other very often. It is a marvelous sight to behold.
