Kurzbeschreibung~SO MUCH MORE THAN A ROMANCE FANTASY~ If you enjoyed Hunger Games, Lord of the Rings, and The Lion, The Witch, and The Wardrobe, you will LOVE this book. There is no swearing or sex in this series. Mature theme. 16+YA/ EPIC/ NEW ADULT/ FANTASY /ROMANCE FANTASY /TIME TRAVEL /DYSTOPIA /ADVENTUREAuthor M.E. Lorde creates a gripping story set in the earths future, where the youth of the world have the privilege and burden of saving humanity from extinction. Years before an apocalyptic event, a new means of travel is discovered. The modern technology comes just in the nick of time. Though none can return to a past-time in order to fix what men have destroyed, some candidates can now move forward to begin anew. Highly intelligent, Tolomay Ramey was trained since birth to do one thing to lead others into the future of the clean earth where both nature and mankind are given a fresh start. Leaving the pod community behind, she arrives as the only living Original from the first team of candidates. The clean world, abundant with plant and animal life, is covered in green for the first time in hundreds of years. Unfortunately for this young girl and despite the beauty of the replenished earth, nothing she experiences from the moment she arrives is as expected. Alone for three years, until others finally join her, she learns to survive off the land, but that will not be what she finds most challenging. What will happen when a strong-headed young man arrives with the mindset that he should have been the first in this paradise? Can independent Tolomay and fiercely confident Kenter meet in the middle? Can the clean world become what it was intended to be for the new community, or will all thoughts of peace be left a thousand years in the past?
