FANTASTICVon Ein KundeI love the way Ms. Jackson writes. All the Madaris men are full of humor, very sensitve, loving, caring handsome brothers (my goodness). This book I could not put down. I love the way Justin, took the time

to get to know Lorren, even though she had a lot of issues in her previous marriage. Justin, made her feel whole again. I especially admired the way he still had a lot of love and respect for his deceased wife. I hate to say this but, my favorite brother out of all the Madaris men is Clayton, he always has something smart to say. If you haven't read Ms. Jackson's books PLEASE do so. P.S. But, you have to start with the first book about the Madaris Brothers which is WHISPERED PROMISES. It's about Dex and Caitlin. Oh! don't forget ONE SPECIAL MOMENT w/ Sterling Hamilton and Colby Wingate. He's a friend of the Madaris brothers. Happy Reading. BIG FAN... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Meet the Madaris family and friends Von Ein Kunde This is first in the trilogy about the Madaris brothers: Justin, Dexter and Clayton. The brothers are from a very close-knit family of six children. This is Dr. Justin Madaris' story. The oldest of the brothers, Justin's wife died ten years before the book opens. Justin is smitten with Lorren, but she's getting over the death of her marriage to a physically and emotionally abusive husband. To say she's "gun-shy" is an understatement. The good doctor has a prescription for what ails her. Lorren has a pre-affair agreement I wished I'd thought of. The book is a great introduction to fictional friends you'll get to know better in Jackson's sequels about the trio. 0 von 0 Kunden fanden die folgende Rezension hilfreich.
