Excellent, as usualVon KatrinaI have read every single one of Dara Joy's books (a couple of them more than once), and this is the book responsible for me discovering her. I LOVE this book. I laughed practically all the way through it, earning me strange looks from friends and co-workers. I really enjoy how she puts humor in the story, even in the middle of her love scenes, of which there are plenty.Her characters are so real with their foibles and habits. Chloe and John just seem like a couple that was meant to be, and their chemistry heats up the book. If you like a story that will

make you laugh, and still delivers a believable and hot love story, read this book.(Note to Ms. Joy: Please, please, write a book about the Black Rose!)5 von 5 Kunden fanden die folgende Rezension hilfreich. great novel!. Von Ein KundeI thought it was great. I enjoy everything about the book. I even would like another book to come from this one. One about the Black Rose, Lord Sexton's friend, Percy. I think it would be great reading about the Black rose. It could be like a mystery/romance. Please write the Black Rose!3 von 3 Kunden fanden die folgende Rezension hilfreich. Decent story but don't pay new book price!! Von Ein KundeThis is a reissue. Look for it at used book stores before paying a new book price. It's a good story although when it first came out I was sure it had been written hastily to fulfill a contract obligation. Very different from Dara Joy's other books, which I enjoyed more than this one. A quick, easy read.
