It's nice to see the characters develop in the course of the story. Ideal for those who have put a relationship behind and still wary when it comes to engaging

themselves in a new one.

Kurzbeschreibung Does a girl ever really learn from her mistakes? Detective Sergeant Megan Taylor thinks so. She once lost her heart to a man who was too charming and she isn't about to make the same mistake again especially not with sexy defence lawyer, Scott Armstrong. Aside from being far too sure of himself for his own good, Scott's major flaw is he defends the very people she works so hard to imprison. But when Scott wants something he goes for it. And he wants Megan. One day she'll see him not as a lawyer, but as a man ... and that's when she'll fall for him. Yet just as Scott seems to be making inroads, a case presents itself that's far too close to home, throwing his life into chaos. As Megan helps him pick up the pieces, can he persuade her he isn't the careless charmer she thinks he is? Isn't a man innocent until proven guilty?
