has everything: romance, thriller and suspense. It is also well written as a Christian book and the plot is good, never would have guess the ending. I love the way Lynette portray her heroes, Connor, Sam and Jenna. Connor as a tough guy struggling in his relationship with his teenage daughter, Jenna. And Jenna a typical teenager but learning how to make the right choices. Sam, gentle and strong with a head on her shoulders. Her relationship and reliance in God has inspired me even though I know that this is just a fiction. This book was worth the money I paid for, 3 but her next book is over 8! Even though it's a download. But I so want to read about Jamie's story, I will have to buy it then. Would I recommend this book, a definite yes! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great start to a series Von Agnieszka I've got several books by Lynette Eyson recommended according to the books I've bought or read. The day I've seen this one offered with a big discount I bought it to find out if I like it. In the meantime I've read it twice and bought the other books from this series because I like this one. I like very much the story line and the characters. Both are realistic and well developed, the Christian values are delivered in a clear and open way but not smothering the entire story. It's really cool that the characters and story are so well developed that it's still thrilling and gripping when you read it the second time and know the outcome of the book and who the real culprit is. I enjoyed the book the second time perhaps even more than the first time since I knew what would happen and concentrated more on language and writing skills than the actual story line. I can recommend this book to everyone loving clean romantic suspense or thrillers with strong Christian values. If you don't like Christian literature at all there are some other great authors you will enjoy much more :-)

Fast paced thriller Von Anna-Maria Hobein-Baetge Loved the plot, yet could have done without all the religious references to bible, god and faith and prayers and church going, as I am not into any of this. Other than that the book is a fast paced thriller alla Criminal Minds, yet in the middle of the book I knew who the killer was, as I obviously read quite a few books of this genre. All in all a thrilling read.

Kurzbeschreibung Samantha Cash is the FBI's secret weapon. Her methods are invisible, and she never stops until the case is closed. When missing teens begin turning up dead in a small Southern town, Samantha is assigned to help local chief Connor Wolfe find the killer. And he has two problems with that. There's her faith--in God and herself. And then there's the fact that she looks exactly like his late wife. As they get close to an answer, the case becomes personal. The killer seems to be taking an interest in Connor's 16-year-old daughter, who thinks her dad is getting way too protective. Can't a girl just have some fun? Too Close to Home ratchets up the suspense with each page, and will have readers cheering for the characters they love as justice is served and love grows even in the face of danger. Read this one with the lights on!

Klappentext EXCERPT FROM CATALOG His phone buzzed and he sighed, pulling it out. Sam watched the color drain from his face. Every muscle in him seemed to go rigid as his throat worked. "Connor? Connor, what's wrong?" W W W Connor felt like he couldn't breathe. Samantha's voice came from a distance, muffled, garbled, like she was underwater and trying to talk to him. He gasped for air and shoved the phone at her. She took it. "Oh no. Oh no. Connor, get to her school. She's in school, right?" And the text message. DO YOU KNOW WHERE JENNA IS? He shook, shuddered as he desperately tried to gain control. Fear for Jenna nearly strangled him. "Connor! Get it together and let's go!" He cranked the car. Fury sizzled through him. "If that creep so much as lays a finger on her . . ." Samantha had her phone out, dialing. "Is she answering?" He put his siren on. Swerved around the next curve. "It's ringing." "Why isn't she answering?" he shouted. Samantha snapped her phone shut. "Voice mail." He had to think. "Call the school. She . . . she won't answer her phone if she's in school. She'll have it on vibrate." Hope leaped within. He yanked the steering wheel to careen around a car whose driver had slammed on brakes. Samantha grabbed the dash. He didn't care. All he could think about was Jenna in the hands of a psycho killer. He started praying.
