**Von Sheila O'Flanagan : Too Good To Be True (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Too Good To Be True (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.  
Disappointing!Von Sandra GoldschmidtThis is the first book I read of this author and I have to say I didnt like it. Ok the good thing about this book: Its an easily read and you dont get bored with it. But thats about it. The book is not touching me at all. I been reading books of Cathy Kelly and Cecelia Ahern before and all their books were really

touching and u could easily feel with the characters in it. Here in this book I cant find any sympathy for the main character Carey at all. She seems like a very cold and distant woman and I almost wished that she wouldnt get together with Ben cause he seemed nice. Even the character of Leah, which u probably wasnt supposed to sympathise with too much is more entertaining and nice than Carey. The book didnt touch me at all!2 von 5 Kunden fanden die folgende Rezension hilfreich. SEHR GUT!!!Von Ein KundeIch habe dieses Buch in weniger als einer Woche gelesen und ich kann es nur weiterempfehlen! Wie andere Sheila O'Flanagan Bcher, die ich schon gelesen habe, ist auch dieses spannend und so gestaltet, dass man es garnicht mehr aus der Hand legen mchte. Die Autorin schreibt in einem anspruchsvollen, nicht zu schweren Englisch und bietet damit auch die Mglichkeit sehr viel in Sachen Umgangssprache zu lernen! Das hier war bestimmt nicht mein letztes Buch von Sheila O'Flanagan und ich kann allen, die englische Bcher lesen wollen, empfehlen mit dieser Autorin anzufangen. :) Viel Spa beim lesen, mit diesen Bchern werdet ihr ihn haben!!!

KurzbeschreibungSheila O'Flanagan's bestseller TOO GOOD TO BE TRUE is a brilliant, feel-good read about love, marriage and what comes next, perfect for readers of Freya North and Catherine Alliott. When Carey Browne decides it's time for a holiday and flies into New York City - one of her favourite shopping destinations - she knows she'll have a good time. What she doesn't know is that she's about to have the biggest adventure of her life. Within days she's met and married Ben Russell, and a week later they're heading back together to Dublin, where they both live, to share the happy news with family and friends. Except not everyone's thrilled. And not everyone's convinced this is really more than a holiday romance. Carey and Ben are about to discover whether they've found the kind of love that can survive a blast of reality...From Publishers Weekly "Marry in haste, repent at leisure" might be the motto of the hapless couple who tie the knot at the start of this uneven chick-lit offering by O'Flanagan (He's Got to Go). The story begins promisingly, as Carey Browne and Ben Russell meet cute on a transatlantic flight from Dublin to New York City. After failing in an Internet venture, Ben is now the co-owner, with his sister, Freya, of a successful chain of health-food stores in the Irish capital; Carey is an air traffic controller with a penchant for fancy shoes. Initially, Carey doesn't want to get involved with Ben she was recently burned by a relationship with a married man. But after a fun and boozy night out in Manhattan, Ben and Carey do the impulsive thing: they fly to Las Vegas and get married. Back in Dublin at a party to celebrate the newlyweds, former beaux show up and spoil the good times. At this point the author seems to lose interest in her main characters and their nonexistent chemistry, shifting the focus to Ben's sister, Freya, and her struggle to cope with the early onset of menopause. Though the Dublin setting makes for an occasional interesting detail or two, the novel suffers from erratic pacing and from the lack of spark between its protagonists, despite their instant romance. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Booklist When Dublin air traffic controller Carey Browne shows up at a party in New York with a hunk she met on the plane, everyone thinks she's lucky to have scored such a hot date. But when she returns to Ireland and announces that she's married him, her friends think she's completely nuts. Away from the romance of New York streets and a whirlwind Vegas wedding, the humdrum details of everyday life threaten to burst their love-at-first-sight bubble. Oh, and there's the matter of Ben's kissing his ex-girlfriend and Carey's kissing her ex-boyfriend at a party to celebrate the marriage. As one would expect, things go horribly pear-shaped after that, and both Ben and Carey find themselves wondering what the hell they were thinking when they booked into the Chapel of Everlasting Love. But as this is a fluffy pop romance, things have a way of working themselves out. Lite, even for chick lit, but harmless. Beth Leistensnider Copyright American Library Association. All rights reserved
